LA TERRAZZA, VERANDA, ALLEGRA, BELLAVISTA,
CASA CANTINA, ROSAVIA

The Casas are situated in the ancient hill town of Manciano with its Sienese styled fortress. The area that is known as the Maremma embraces and lavishes enchanted beauty and tradition like no other place. The Maremma exists within the magnificent Tyrrhenian Sea Region and its villages, romantic Fiora River, silvery mountains and the natural thermal spas. Yes, this is the land of the mysterious Etruscans who thrived in this precious area of southern Tuscany and left for us millions of signs of their fascinating civilizations.

Most of the Casas features two bedrooms (all double occupancy) , two baths, with showers, a kitchen and a lovely living room area. The Casas are named after my Italian **Grandmother Zolira**, **Mother Natalia**, and **Aunt Giovanna**. Each are charming homes created to enhance your joy of living the Tuscan Dream. **Bambini** features a large patio, two bedrooms and two baths, kitchen/family room. **MiraBella and Allegra**, just a short walk from our grounds was built in the 1920's, offers the enjoyment of Manciano right at your doorsteps. **La Terrazza** is in "old town" surrounded by the medieval history of Manciano. **Veranda** is located at the base of the castle. **Casa Cantina** so unique with the stone walls! **Bellavista** located in our sister Etruscan hill town, Pitigliano offers the most magnificent views! Lastly, **Rosavia** our newly restored 2 bedroom 2 bath house in a nearby hamlet, Poderi!
